Imagination is a global independent agency that creates connecting experiences for businesses, brands and people.

Imagination is committed to endeavouring to ensure that its business activities and supply chains are free from any kind of slavery, human trafficking or forced labour.

Underpinning this commitment Imagination has a published modern slavery policy. Imagination has undertaken a risk assessment and audit of suppliers in its EMEA operations. There were no high risk or areas of concern identified from the audit. We will continue to assess and audit suppliers across the global business operation.

We initiated training for employees to raise awareness of modern slavery. Employees involved in purchasing will receive further guidance on due diligence processes and assessment requirements prior to engaging a new supplier.

This statement is made pursuant to Section 54 of the UK's Modern Slavery Act 2015. The statement is made on behalf of the UK business; however, all principles are shared across our global offices.
